Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, when it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; time cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

KENTUCKY REPUBLICAN PLATFORM.

We are opposed to the free and unlimited coin-
age of silver, believing that it would involve the
country in financial ruin. We believe in a sound
currency and in the use of both gold and silver for
coinage, provided always that a dollar in coin
is worth as much as a dollar in the paper.
We favor a tariff so regulated as to protect the
interests of our citizens upon articles that may be
successfully manufactured or produced in this
country, thus insuring work to the laborer and a
home market to the producer; and in connection
with the re-establishment of the doctrine of reciprocity.
We believe that such a system will defray our
Government expenses, gradually liquidate all in-
debtedness, restore public confidence and relieve
to the rear the undue excitement now prevailing
concerning the currency. In view of the present
financial history of the Democratic party, its
denunciation of the old state bank system and its
tendency to favor an American policy which will
protect American and American interests in all
parts of the world at all hazards and will sym-
bolize with struggling Republics rather than
opulent monarchies.

At the Populist State Convention in
Louisville Mrs. JOSEPHINE K. HENRY
of Versailles denounced Congressman BERRY
for having taken a drink of whisky
while presiding over the Democratic
State Convention.

HENK's some more Democratic finan-
cing. On the last day of the fiscal
year the Treasury officials didn't pay out
a dollar on account of Uncle Sam's obli-
gations and his nephews and nephew-
es, and the day before payments ag-
gregated but \$200,000, while for the ten
days previous they were less than \$500,
000 a day. This was secured by holding
back vouchers, and these tactics were de-
ficient to the purpose of reducing the
debit to the close of the year's business.
But on the 21 of July the expenditures
were \$3,667,294.38, being \$2,700,033.71
in excess of the revenue. This immense
expenditure for one day was caused by
payment of vouchers that had been held
back, and shows that the claim that the
revenues are equaling the expenditures is
untrue. The customs receipts ag-
gregated but \$390,791.29. Thus the new
year starts out with a deficit of \$2,700,
033.71, which will be steadily increased
until the end of the month it will be
over \$12,000,000.

SIX DEAD.

A Chicago Man Kills His Wife
and Four Children.

He Turned on the Gas After They
Had Retired in the Evening.

The Husband and Father Then Lies Down
and Dies With Them—The tragedy was
deliberate and slow. Victim's Friend
For Weeks—Thought He Crazy.

Chicago, July 6.—Frederick Hell-
man, a contractor, Thursday night
murdered his wife and four children
by asphyxiation, and died with them.
The victims of his horrible crime were:
Ida Hellman, the wife, 34 years old;
Fritz Hellman, 12 years; Ida Hellman,
11 years; Willie Hellman, 8 years; Her-
wig Hellman, 4 years; Frederick Hell-
man, the murderer, 36 years.

The place of the tragedy was at the
Hellman cottage, 601 Cornelia street.
The house is small but it was cozy and
the Hellman family was supposed to be
living happily together.

That the murder was deliberately
planned by the father of the family
during the past few weeks seems be-
yond doubt. Ever since Hellman
built his house it has been supplied
with gas pipes but there has been no
connection with the gas main and
there were no fixtures in the house.

Several weeks ago Hellman had his
pipes connected and fixtures put in the
family bed room only and the entire
family sleeping in one small room.

It seems very certain that Hellman
had the gas put in for the express pur-
pose of using it in the murder of
his family. When the dead bodies
were found, Friday morning, the gas
was turned on after the family, ex-
cepting the husband, had gone to
sleep, and that none regained con-
sciousness. The body of Hellman
showed evidence of a struggle. He
first shut the door and windows, then
turned on the gas and laid down to
die with his family. There is only one
explanation for the frightful deed, and
that is that Hellman was crazy.

EXPLODING FIREWORKS.

Terrible Accident, in Which One Man Was
Killed and Many Other Persons Injured
at La Salle, Ill.

La Salle, Ill., July 6.—A successful
celebration here had a sad ending
Thursday night and one man lies dead
and two others are seriously injured as
the result of an accident during the
fire works display. A bomb rocket
was sent up, but after going a short
distance it fell and exploded, setting
off a large quantity of fire works,
which exploded with terrific force.

There were 6,000 people within a
block of the place at the time and a
terrible panic followed. Horses ran
away, and the crowd stampeded,
crushing women and children under
foot. One hundred persons were more
or less seriously injured. Wm. Stahl,
of Temico, Ill., was struck by a
rocket on the head and so
seriously injured that the physicians
say he can not live. Dan Cahill
had his leg shattered by exploding
fireworks and was trampled on by the
crowd, suffering injuries which may
prove fatal. Harry Kenney, a wife,
who says his parents live in California,
was horribly burned about the face,
head and arms. His injuries are seri-
ous. Harry Joy, of Wenona, had his
arm broken. A number of women and
children were injured. The injured
buildings which caught fire, were
saved by the fire department.

tance. Albert James and Vernon Pool,
brothers, were taken into custody Fri-
day morning. There is some damag-
ing evidence against them.

Murdered and Robbed.

PITTSBURGH, Pa., July 6.—Patrick
McDonough, of No. 311 Knoxville
avenue, was the victim of a desperate
attempt at murder and robbery Friday
morning. He is now in a dying con-
dition at the North Side hospital with
a crushed skull and a lacerated wound in
his neck. Frank Lingo and Mike Pado,
Italians, are held to await the result of
McDonough's injuries.

KENTUCKY NEWS.

The Latest News From All Parts of the
Commonwealth.

IN THE RIVER.

Joshua Brown, Who Killed His Son, Seeks
Relief From Remorse.

LOUISVILLE, Ky., July 6.—Joshua
Brown, the distillery watchman, who
killed his 10-year-old son by shooting
him three times through the heart, will
not be punished by the law. News was
received in the city at 10:15 Friday after-
noon that he had drowned himself in the
river several miles below the city.
The body was recovered from the Belmont
distillery Thursday night as a mystery,
for the big plant was guarded all night
by the police. He was desperate and
would probably have killed anyone
who might have found him. The family
Thursday night deserted their home,
fearing that Brown would slip in
and murder them. It is supposed
that he stole out of the distillery dur-
ing the night by some exit that was
known only to him.

The body was found in the river by
James Sanders. He saw the man,
dusty and perspiring, walk rapidly
down the bank early Friday morning.
The current washed him on a pro-
truding piece of land. A telegram was at
once sent to his wife in this city. The
funeral of the murdered boy will take
place Saturday, his body having been
removed Friday morning from St.
Joseph's infirmary, where he died.

When Brown's daughter was told of
her father's suicide, she said that he
was her father, but she would not own
the body, remarking, when told of it:
"He was too big for me and I mur-
dered my brother."

KENTUCKY POPPS.

They Get Together at Louisville and Name
a Ticket.

LOUISVILLE, Ky., July 6.—The Ken-
tucky populists were in session early
Friday morning, but it was not until
noon before they got down to real
work. The first thing was the report
of the committee on resolutions, which
presented the Omaha platform. There
were many amendments, but, as
adopted, it endorsed the Omaha plat-
form and declared for the free and un-
limited coinage of silver at 16 to 1.

A delegation of ladies appeared be-
fore the convention and several
speeches were made urging the con-
vention to adopt a plank in its platform
endorsing woman suffrage, but it was
not voted.

At 12:30 the convention proceeded
with the nominations. Hon. T. S.
Pettit, of Owensboro, was nominated
by acclamation for governor; J. G.
Hair, of Nicholas, for lieutenant gov-
ernor, and R. Gardner, of Hardin, for
treasurer, all by acclamation; for audi-
tor, H. C. Deane; for secretary of
state, H. C. Keys; for superintendent
of public instruction, H. H. Farmer;
for commissioner of agriculture, W. L.
Scott; for United States senator, C. S.
Bate.

GAVE THEMSELVES UP.

The Slayers of Colston Claim to Have
Acted in Self-Defense.

KNOXVILLE, Ky., July 6.—The lat-
est information received from the
scene of the Trigg county tragedy,
which resulted in the death of four
persons, was to the effect that
Colston had been killed in the Colton
and Maude Smith had gone into
Cadiz, the county seat, Thursday, and
had given themselves up to the officers
of the law, who were trying to
await their examining trials, which
are set for Monday. Their plea will
be that the killings were done in self-
defense, as they were trying to arrest
Colston for the murder of Ham-
mond and fatal wounding of John
Rhodes. Two of Rhodes' brothers,
whom Colston had threatened to kill,
led the party. So intense is the feel-
ing of the public towards the Colston
tragedy that the slayers are being kept
and the woman will be acquitted with-
out even the formalities of an exam-
ining trial. There are fears of serious
trouble when their cases are called.

Center College Football Team.

DANVILLE, Ky., July 6.—Richard T.
Lowndes, of Yale college, will train
the Center college football team
next season, the athletic as-
sociation having closed the con-
tract with him. Mr. Lowndes has
been playing football at Yale for three
years and is a very fine quarterback.
He is 23 years of age, weighs 178
pounds in football clothes and is over
six feet tall. Two games will be
played during the season between Cen-
ter college and the University of Cin-
cinnati team.

A Lynching in Prospect.

LOUISVILLE, Ky., July 6.—A special
from Bowling Green says: "It was re-
ported here Friday that an organized
mob is being formed at Morgantown to
lynch Sam Spencer and Alfred Reicher,
now on trial for the murder of Maj. A.

THE MAYSVILLE REPUBLICAN

WEEKLY PUBLIC LEDGER.

Did U?

Did you ever think that relatives or friends
who have moved to distant places—gone West,
perhaps, to grow up with the country—are al-
ways glad to hear from their "Old Kentucky
Home"? And did it ever occur to you that a
single copy of THE MAYSVILLE REPUBLICAN
the weekly edition of The Public Ledger—con-
tains more home news than you could em-
brace in a hundred ordinary letters? And did
it ever strike you that you can send the paper
to your relatives and friends for a whole year
at less cost than you can write a letter every
week? Besides, don't you think a year's sub-
scription to THE REPUBLICAN would be a pres-
ent highly appreciated by those at a distance?
Suppose you try it and hear what they have to
say on the subject.
